At Global Parts Enterprises, we believe in **"Integrity with Performance"**.

A substantiation of this is our growth and the base of suppliers and clients. Kompass, a B2B interface, contains Global Part's ranking in its database. We have been rated in various positions as suppliers in the top 5, with the best known brand names globally.

Global Parts Enterprises (L.L.C) is a professionally managed, multimillion dollar organization, catering to a global market in export and re-export of spare parts to over 100 countries Worldwide (Genuine and Replacement).

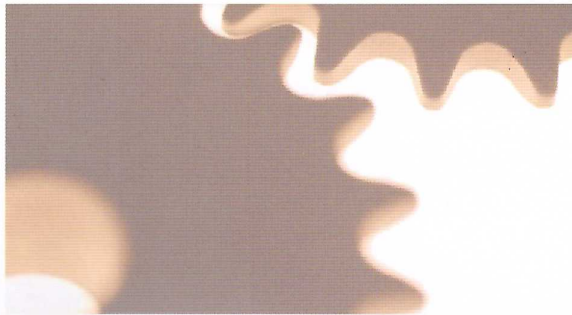

Global Parts Enterprises L.L.C, came into existence through the vision of a first generation entrepreneur.

In a short span of time, it has built an enviable clientele and reputation of **trustworthiness**. Handling over **100 genuine and 500 replacement brands**, the organization exports to over **100 countries worldwide**, with a formidable presence in the USA.

One of our many strengths is a combined inventory of over **10 million line items** which enables (JIT) Just in Time delivery. Therefore, it gives the organization an edge in competing efficiently and also pass on the benefits of cost advantage to our customers.

"We are uniquely poised for growth and to this end we leverage the strength of our professional management."
